PROFESSIONAL SUMMARY

- Full Stack Developer with 1 year of backend development experience building secure and scalable RESTful APIs using Node.js, Express.js, and MongoDB, along with frontend proficiency in React.js (Hooks, JSX)
- Worked on a CRM application for customer data management, authentication (JWT, cookies), role-based access control, and API security using industry-standard practices.
- Strong grasp of MVC architecture, data validation (Joi), error handling, and backend testing using Postman and integration tools.
- Quick learner with a collaborative mindset, passionate about writing clean, maintainable code actively seeking backend development roles.

CORE QUALIFICATIONS

- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frontend:** React.js (with Hooks), JSX, Component-based Architecture
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** MongoDB, Mongoose (ODM)
- **Authentication & Security:** JWT, Bcrypt, Helmet.js, Role-based Access
- **Deployment:** Vercel (forntend), Render (Node. js backend), Basic CI/CD (Git-based auto deployment)
- **Tools:** Git, GitHub, Postman, MongoDB Atlas

PROFESSIONAL EXPERIENCE

JUNIOR SOFTWARE DEVELOPER

PAZZO DIGITAL | NOIDA **JAN 2025 – Present**

- Developed and maintained RESTful APIs for CRM applications using Node.js, Express.js and MongoDB.
- Implemented secure authentication using JWT, cookies, and role-based access control for internal user management
- Designed scalable backend modules following MVC architecture and ensured data validation using Joi
- Collaborated with frontend and QA teams to deliver production-ready features within sprint deadlines
- Utilized MongoDB Atlas and Postman for database hosting and API testing.
- Optimized existing APIs, reduced response time by 20% using efficient query and indexing techniques

SOFTWARE DEVELOPER INTERN

PAZZO DIGITAL | NOIDA **AUG 2024 – Jan 2025**

- Assisted in developing backend modules for CRM workflows such as lead creation and customer management
- Contributed to API development, user login/auth logic, and basic validation mechanisms
- Worked closely with senior developers to understand code architecture and deployment process
- Gained hands-on experience with tools like Git, MongoDB Atlas, and Postman

EDUCATION & CERTIFICATIONS

Kalinga Institute of Industrial Technology, Bhubaneswar

Master of Computer Applications (MCA) | 2021 – 2023

Institute of Technology and Science, Ghaziabad

Bachelor of Computer Applications (BCA) | 2017 – 2020
